CAP'T. HACKER says he did not Well ---!

WHEN Etheridge was a Democrat he said you could tell a Radical by the swell of his foot!

THE corn crop in Hawkins will be a light one this year. It does not look promising at the present time.

WHO will represent Hawkins county in the next House? We hear of a number of aspirants. Let them all run, say we. Perhaps the "greenest horn" in the lot will be successful. Let us have 17 candidates this time-one from each District

THE Watchman says Meek made the best run of any Republican in like for some more Radicals to run the same way-backwards.

THE people of the First Congressional District cannot do a better thing than vote for Bob Taylor. He is one of our East Tennessee homemade boys, and is plenty good to represent East Tennessee. He ought to go to Congress.

The Democratic Platform adopted at Nashville seems to us to be "green back" enough to suit the most strenuous advocate of soft stead of bonds and gold.

Hale's Springs have a good company this season. There is not a more desirable or attractive watering place anywhere than these expended, much nearer its full value Springs. Capt. Powel takes good care of all who go to him and does not charge exorbitantly. We would advise all those seeking a cool retreat to go to Hale's Springs.

MAJ. AIKEN thinks now that the bridge will be completed by the first of October and that the cars will run into town shortly after that time, Maj. A. has displayed commendable energy in pressing this work forward. His aim has been to get the road ready to take off to market the present year's crop of grain, &c., and we are glad to know he is likely to be successful.

It is the cheapest the issue of bonds, in case of necesschool of its grade to be found in sity, to repeal invasion or suppress the South.

DR. SHOTWELL'S dental card ap. pears in the GAZETTE regularly every week. We call special attention to that card and recommend him to those needing the services of a good Dentist. The doctor is a gentleman that will do to trust anywhere. He is a skillful surgeon and waiting on all who have anything wrong with their teeth. We recom-mend him as a gentleman and a skill-year, (1877) \$4,946,000; 1878, \$4,145,000; full Dentist.

ROBERT L. TAYLOR is an excellent Congress ln this District. He is a man of taleut and an eloquent speakthem to work for himself and the cause in such a manner as will be irresistible. Mr. Taylor comes of good stock. His father is the Hon. Nathaniel G. Taylor; his mother the sister of the late Landon C Haynes, two of the most impassion ed orators East Tennessee has eve produced. He is said to be th equal, if not the superior of eithe one of these distinguished gentle men. Six weeks ago we suggested the name of Robt. L. Taylor as the Democratic nominee in these col umns. We felt then that the tim had come for us to make a new de parture, and to look out for a fresl man to bear the banner. Taylor i exactly the right man in the righ place. He will rally the Demo cratic hosts of the mountains as n other man could, and if the young men and the middle-aged men and the old men of the party will only do their duty, he will be elected Young men! we call upon you, es pecially, to go to work for your nom! nee. The platform adopted by the Tennessee Democracy, in some respects, East Tennessee. We agree with may be justly exposed to the sharp him. It was a good run.
